- Fast track project to complete 46,000 square foot office relocation in 16 weeks. Project is on one floor with an open office plan. Design includes open cubicles, huddle rooms for privacy, and numerous conference rooms.
- Design features include open ceilings, acoustic ceilings, and wood slat ceilings with decorative wall features and numerous flooring types. Other amenities include a large pantry with an adjacent training facility, copy rooms, a satellite pantry and break out spaces.
- State-of-the-art audio visual system was included in all the conference rooms along with a specially designed telepresence room for communication with other Partner Reinsurance offices.
